BAR Engineering is a multi-discipline engineering firm with extensive experience delivering customized engineering solutions. We pride ourselves on providing quality results, on-time and on-budget. Safety is a priority in all our project work. Our client list ranges from global multi-national corporations to local businesses and municipalities.

We are seeking an experienced and motivated **Intermediate Civil Technologist** to join our Vernon office. Under the direct supervision of the Manager, Vernon Operations, this position is responsible for leading and completing field inspections and design/drafting activities on various projects.

**Duties and Responsibilities May Include:**

- Prepare engineering deliverables.
- Contribute to the creation of overall project plans and schedules, monitoring progress and milestones against the plan.
- Utilize AutoDesk Civil 3D to manipulate design drawings for municipal design.
- Support field inspection activities.
- Provide assistance with various aspects of engineering and construction of municipal infrastructure.
- Ensure the design and constructed works conform to codes, standards, internal procedures and regulations.
- Provide direction for end job activities, including completion reports and final documentation.

**Skills and Qualifications:**

- Diploma in Engineering Technology which is recognized by ASTTBC.
- Registered or eligible for registration with ASTTBC.
- Minimum 5 to 7 years of relevant experience in a civil technologist role.
- Experience in design using AutoCAD Civil 3D and developing preliminary and detailed design drawings.
- Autodesk Infraworks experience would be an asset.
- Strong attention to detail.
- Effective verbal and written communication skills.
- Organized.
- Ability to learn new skills.
- Self-motivated team player.
- Valid driver’s licence is required.

BAR offers a competitive salary and benefit package. If this opportunity interests you, please email your cover letter and resume to careers@bareng.ca
Please note that only those candidates selected for an interview will be contacted.
