POSITION: CIVIL INSPECTOR

Webster Engineering Ltd. is a small and successful civil engineering and land development consulting firm which specializes in steep, rocky terrain, and is located in North Vancouver. Our work includes projects focused on the North Shore, Sea to Sky Corridor, Whistler, Pemberton, Bowen Island and the Lower Mainland. Webster Engineering is seeking a talented civil construction inspector with experience in either the municipal field and/or the private sector who will provide a complement to our recognized area of excellence in land development. The successful candidate will have an understanding and significant experience in civil engineering construction.

**Essential Duties and Responsibilities of the Successful Applicant:**

Site inspections and preparation of inspection reports, coordination and correspondence with clients, contractors, sub-consultants, and approving authorities. Contract administration, and preparation of payment certificates.

**The successful applicant will possess the following experience and qualifications:**

- Minimum of 2 years of related experience in civil construction inspection
- The ability to contribute in a team environment
- Strong attention to detail
- Strong communication skills (verbal and written) when dealing with co-workers, the public, clients, regulatory agencies, and contractors
- Strong understanding of MMCD and other local construction standards
- Proficiency in Microsoft Office, including Excel, Word and Outlook
- High degree of integrity and honesty
- Works with enthusiasm and dedication
- Must have and maintain a valid BC Driver’s License
- Must have a reliable personal vehicle for use to and from site visits

**Compensation Plan:**

- Salary range is negotiable and will commensurate with experience
- In addition to BC Medical, an extended medical plan is provided, with amount based on salary, to be used as needed for medical care, glasses, prescriptions or other medical expenses; and
- Performance bonus commensurate with productivity and profitability on an annual percentage basis.

This is a full-time position. Mileage will be paid to cover driving to and from site visits, at a rate of $0.55 per km. An office camera will be provided for use at site visits. Cell phone costs will be included in salary.
