

10. Please describe your previous board governance experience and expertise level in reading financial statements. (maximum 50 words)

11. A member of Council is eligible to serve for up to two three-year terms; if elected to the office of Vice President and/or President, this period of time may be extended. Do you have the time to commit to serving as an Officer of ASTTBC? Please list any constraints that may need to be considered if at some future date you are selected as a Nominee for one of these positions. (maximum 50 words)

12. Will your employer support your commitment to serve on Council? Please comment. (maximum 100 words)

13. Do you:
 - a) hold any position, paid or unpaid,
 - b) have any personal interests,
 - c) have any close relationships (for example, family, friend, business association, employment, corporation, or partnership), and/or
 - d) owe any person an obligation;that might affect or influence, or be perceived to affect or influence, your exercise of authority as a Council member, if you were elected to Council?

14. Council members are expected to have the following capabilities, qualities, and skills. To the extent that you have not described them above, please provide a general statement regarding your capabilities, qualities, and skills, and how they align with those expected of Council members. You may also provide any further comments about any additional capabilities, qualities, and skills that might assist the Nominating Committee as they consider your possible nomination for the ASTTBC Council. (maximum 500 words)

- Desire to serve the public in an open and transparent manner.
- Operate in a leadership capacity, rather than administrative detail.
- Work collaboratively with others.
- Maintain an outward vision, rather than an internal preoccupation.
- Encourage diversity in viewpoints, and foster the inclusion of all people to encourage diversity among technology professionals.
- Work as a collective, rather than individual decisions.
- Focus on the future, rather than past or present.
- Be proactive, rather than reactive.

Skills and Experience:

- Ability to think strategically and systematically.
- Good interpersonal communication skills.
- Working within an ethical framework.
