

Engineering Design Technician II #431

Closing Date: July 30, 2021

At the City of Kamloops, we believe in progressive and barrier free recruitment for everybody everyday. This means employment opportunities for all in a safe, inclusive and diverse workplace. We know our city is stronger when we hire qualified individuals from different backgrounds with diverse experiences, cultures and perspectives.

We are focused on creating the highest levels of service excellence, based on an organization-wide community culture that celebrates our employees who make it all happen. We are known as Canada's Tournament Capital and are famous for our hospitality and community spirit, traits that make us a leader! Recreation, sports, arts and culture, health care, social activities, volunteerism, and affordable housing all meld to form a unique blend of big city amenities with small-town ambience. This is Kamloops!

Let's make Kamloops shine! Join our team today.

Position Overview

The City of Kamloops has an opportunity for a Permanent, Full-Time highly skilled Engineering Design Technician II whose work involves using AutoCAD and Autodesk Civil 3D design software to complete complex design and drafting for City owned projects such as roads/sidewalks, water/sanitation mains and street lighting. This position will also provide detailed information on service locations to field crews and the public as well as produce and file record drawings. This position requires a well-organized, motivated individual with a high degree of visual and mental concentration on a frequent basis. If you are someone who shares our corporate values of resiliency, purpose, trust, inclusivity, health, and cooperation, and who wants to contribute to the development of their community in a meaningful way, then the Engineering Design Technician II position may be a great fit for you!

The successful candidate must have the following qualifications:

1. Completion of secondary school or its equivalent.
2. Completion of a two-year Computer Aided Design and Drafting program OR a two-year Diploma in Civil Engineering.
3. Minimum three years' previous experience in municipal design using AutoCAD and Autodesk Civil 3D design software.
4. Certified as a Civil Technologist (AScT) or a Civil Technician (CTech) with the Applied Science Technologists and Technicians of British Columbia.
5. Valid Class 5 BC Driver's Licence.

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check. A comprehensive benefits package is included with this position.
