

## **ENGINEERING TECHNICIAN, UTILITIES (REGULAR, FULL-TIME)**

The North Okanagan is an exceptional place to live, work and explore. With its diverse landscapes and extraordinary recreational opportunities, our residents enjoy a comfortable balance of work-life activities. With a regional population of 92,000, the Regional District of North Okanagan offers a wide range of services directly to residents and through partnerships with its six member municipalities.

We have an immediate opening for the regular, full-time position of Engineering Technician, Utilities. The successful candidate will have a diploma in civil engineering, water science technology or a related field, be eligible for registration as a Technician or Technologist with ASTTBC and hold a valid BC driver's license.

You have strong skills and knowledge of engineering practices and procedures, the operation and construction practices of municipal water systems and the use of GIS. A minimum of two years of experience within local government or an engineering firm is required.

Reporting to the Manager, Water Quality, the Engineering Technician, Utilities provides a variety of technical services to assist in the efficient operations of Greater Vernon Water and other utilities operated by the Regional District. An important component of this position will be the duties and responsibilities of Cross Connection Control Officer.

Come be part of a great team who takes pride in their work to enhance the very reasons the North Okanagan is such a great place to live, work and play. This is a regular, full-time position (35 hours/week) with an hourly wage range of \$32.76 to \$37.65, as well as an extensive benefits package and compressed work schedule.
