

Transportation Technician I (Permanent, Full Time) # 832

Closing Date: October 21, 2022

At the City of Kamloops, we believe in progressive and barrier-free recruitment for everybody every day. This means employment opportunities for all in a safe, inclusive and diverse workplace. We know our city is stronger when we hire qualified individuals from different backgrounds with diverse experiences, cultures and perspectives.

We are focused on creating the highest levels of service excellence, based on an organization-wide community culture that celebrates our employees who make it all happen. We are known as Canada's Tournament Capital and are famous for our hospitality and community spirit, traits that make us a leader! Recreation, sports, arts and culture, health care, social activities, volunteerism, and affordable housing all meld to form a unique blend of big-city amenities with small-town ambience. This is Kamloops!

Let's make Kamloops shine! Join our team today.

Position Overview

Are you a self-starter? Do you love working with AutoCAD? Are you motivated by providing services to the public? The City of Kamloops' Transportation Division is looking for someone to join their team as a Transportation Technician I. This position works with a team on the delivery of various transportation, active transportation, and transit related projects within the community. This role assists in the development of design concepts using AutoCAD for future active transportation road corridors and other transportation related projects and the delivery of the City's Transportation Demand Management (TDM) strategies. If you are someone who shares our corporate values of resiliency, purpose, trust, inclusivity, health conscious, and cooperation, then the Transportation Division is the place where you can grow your career and have a direct, positive impact in the community!

The successful candidate must have the following qualifications:

- Completion of senior secondary school or its equivalent.
- Completion of a two-year diploma in Engineering from a recognized technical institute, with emphasis on the traffic and transportation field.
- Minimum of 6 months' experience in traffic or transportation technical engineering.
- Valid BC Driver's Licence - Class 5.

A comprehensive benefits package is included with this position.

Please note that this position will only be filled if we are unable to fill competition Transportation Tech II (Permanent, Full Time) # 833.

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check.
