

BUILD YOUR CAREER

WITH THE CITY OF PRINCE GEORGE

DEVELOPMENT SERVICES ENGINEERING TECHNOLOGIST REGULAR FULL-TIME DEVELOPMENT SERVICES/ PLANNING & DEVELOPMENT DEPARTMENT

Grow your career in this role with room for advancement!

About Our Community:

Boasting a high quality of life and standard of living, Prince George has all the amenities of a large city mixed with the friendliness and appeal of a smaller community. It is a regional centre for close to 326,000 people for shopping, education, health care, the arts and sports. Prince George's central location in the province offers work/life balance with unparalleled access to four-season outdoor recreation activities that are complemented by a full range of urban amenities and a comprehensive transportation infrastructure that connects residents, businesses, resources, and agricultural products to markets around the world. And it is only a short drive to almost anywhere in Prince George – spend less time commuting and more time doing what matters most to you! Discover all these opportunities and more!

About Our Organization:

The City of Prince George is committed to ensuring a positive, well-balanced work environment for its employees. With opportunities for employee training, wellness programs and professional development the City of Prince George offers a safe and supportive workplace in which to serve our community.

About The Opportunity:

In this technical role, you will be responsible for assisting developers through the process of property subdivision, ensuring all documentation is complete and in compliance with regulatory requirements, City standards, and established safety and engineering standards. You will also perform field inspections to ensure compliance to the subdivision and development servicing bylaws as well as review and approve design drawings for a variety of development projects. You will use your superior communication skills to liaise with developer's representatives on site and prepare written reports.

About Your Background:

We are seeking a highly motivated professional with a diploma in Civil Engineering Technology and eligibility for certification as an ASCt of BC. You have at least two years of experience in a civil engineering environment and considerable knowledge of the subdivision approval process. You thrive in a fast-paced work environment and enjoy working as part of an interdisciplinary team. A skillful communicator, you are able to deal tactfully with a broad range of clients and pride yourself in providing customer service excellence. A valid full privilege Class 5 BC driver's license (or out of province equivalent) is required.

Why You Will Love Working for our Development Services team at the City of Prince George:

- Play a key role in Subdivision design and servicing!
- Work with a team of professionals dedicated to providing exceptional customer service.
- Enjoy a competitive starting wage of \$35.33 – \$42.16 per hour (wage under review) plus an excellent benefits and pension package.
