

... a great place to live, work & play

One of the sunniest regions in BC's Lower Mainland, Delta embraces three unique communities - Ladner, North Delta and Tsawwassen. The City of Delta is looking for dedicated individuals to join our team and share in our commitment to lead the way in public service excellence.

ENGINEERING TECHNOLOGIST 2 - DEVELOPMENT

The City of Delta is seeking a full-time Development Engineering Technologist for the Community Planning & Development Department. This is technical engineering work in the municipal infrastructure field; the incumbent will provide infrastructure requirements for all types of land development applications ensuring compliance with plans and related specifications that are developed.

Under the general direction of the Development Engineering Manager, the incumbent will prepare infrastructure requirements in the form of reports and memos, interpret infrastructure reports prepared by outside agencies, highway use agreements, servicing agreements, review specifications, construction estimates, contract documents and other related data and working drawings. The incumbent will also be responsible for providing design related direction to external Engineering Consultant firms for similar infrastructure projects. As Project Manager, you will be responsible for monitoring both personally, and through engineering inspection staff or a Consultant, the construction of infrastructure projects to ensure compliance with plans and related specifications, schedules and securities. The incumbent is a key liaison providing project information, assistance and direction to a wide variety of internal and external contacts

The ideal candidate for this job will have the following:

- A diploma in Civil Engineering Technology;
- Minimum five (5) years of experience in municipal infrastructure design & drafting, construction, and inspection;
- Knowledge of common engineering design and construction practices including engineering software (ie Auto CAD);
- Strong engineering analytical skills;
- Strong interpersonal skills;
- Experience with or knowledge of Construction Contract Documents,
- Experience with asset management systems, and Tempest software preferred
- A valid Class 5 BC Driver's License.

Applicants must be registered **OR** eligible for registration with the Applied Science Technologists and Technicians of BC (ASTTBC) as an Applied Science Technologist (AScT) or Technician (CTech).

The City of Delta provides a competitive salary of \$43.82-\$51.78 (commensurate with experience) and an excellent benefits package including Municipal Pension Plan as well as an earned-days-off system. Position is eligible for telework. Interested applicants are requested to apply online at www.delta.ca/employment, to competition **#22-103 EX (B)** by **November 17, 2022**.

Protecting the health and safety of our community and employees remains our number one priority. The City of Delta is committed to taking every precaution reasonable in the circumstances to protect the health and safety of workers from the hazard of COVID-19. The City has implemented a vaccination policy for all employees.

All new employees with the City of Delta are required to provide proof of vaccination from COVID-19, as a condition of employment. The City of Delta will evaluate and accommodate employees who are unable to be vaccinated against COVID-19 either through medical or human rights exemptions.

We thank all applicants for their interest; only those under consideration will be contacted.

Copies of relevant professional certificates, degrees, or tickets must be submitted with your application.

Preferred candidates will be required to submit a Police Information Check.
