

ARCHITECTURAL AND BUILDING TECHNOLOGIST

GHL is a Vancouver based consulting firm specializing in Fire Engineering and Building Code consulting. We are a passionate team of skilled professional engineers, architects, technologists and creative thinkers bringing innovative solutions to building projects.

Description

We are seeking a skilled and enthusiastic individual to work alongside our team of professionals. GHL offers the opportunity to grow professionally and work on exciting building projects across Canada. GHL offers a positive work environment that recognizes the importance of career development, opportunities for advancement and a competitive compensation and benefits package.

Responsibilities

- Building Code review of drawings, shop drawings, etc.
- Preparation of Code compliance drawings, reports, letters, alternative solutions, etc.
- Conduct site reviews and prepare field review reports.
- Attend meetings, presentations, occupancy demonstrations, etc.

Skills & Qualifications

- A Technician or Technologist with educational focus in Architectural, Civil, Mechanical, Structural.
- Experience with Bluebeam, Adobe, AutoCAD LT, Sketchup, Excel, Word, etc.
- Knowledge of Part 3 of the Building Code.
- Able to communicate effectively (both verbally and in writing).
- Team oriented and being able to work individually.
- Valid BC Driver's License
