

Civil Engineering Technologist

Fort St. John/Dawson Creek, BC

About the Opportunity

We are looking for a Civil Engineering Technologist to join our Peace Practice which serves our Fort St. John and Dawson Creek offices! Our design technologist team is an essential part of our practice and our ability to deliver excellent service to our clients.

You will be working with our team members to complete designs from high-level conceptual through to detailed design drawings. Specifically, you can expect to be involved in:

- Carrying out drafting and design assignments
- Communicating with team members and project leaders
- Supporting design, drawing production and/or construction specifications
- Ensuring quality control of both design and drafting production work
- Performing field inspections during construction projects
- Performing a variety of defined assignments with guidance from team members
- Advising the team on technical problems and troubleshooting
- Promoting and instilling a sense of teamwork among members

About You

Our preferred candidate will be an accredited Civil Engineering Technologist. Given the variety of project needs and a desire to find the right person to join our team, we will consider candidates with a range of experience, education, and background in land development, transportation, municipal infrastructure design production, and field inspection. We are looking for the following skills, strengths, and interests:

- Excellent drafting skills with good knowledge of drawing set-up and production
- Proficiency in AutoCAD and Civil 3D (required)
- Proficiency with Microsoft Excel and other MS Office software
- A keen eye for detail and take great pride in your work, both the large and the small projects
- Effective communication and writing abilities
- Committed to ongoing personal and professional development

In addition to the above, any of the following skills, strengths and interests would be considered an asset:

- Experience with GIS
- Field inspection experience

- A general understanding of construction contracts
- Experience or interest in Landscape Architecture or Landscape Design
