

OPERATIONS MANAGER - UTILITIES

Due to an internal promotion, the City of Campbell River is seeking an **Operations Manager – Utilities**.

Naturally, Campbell River – Located on Vancouver Island, surrounded by the ocean and majestic mountains, the City of Campbell River offers a rare combination of a welcoming small-town feel with large-city amenities. From summer markets and street events to an active arts and culture community to year-round, world-class recreational opportunities, the Campbell River lifestyle is unparalleled. We are a 45-minute drive from the winter and summer activities of Mount Washington, and just minutes from more than 100 km of all levels of mountain biking and hiking trails, plus easy access to the ocean, rivers and lakes for sports fishing, kayaking, paddle boarding and whale watching.

About the role: Reporting to the Director of Operations, the Operations Manager - Utilities has overall responsibility for the management, performance, and operation of the City's water, wastewater and drainage systems and is responsible for developing and maintaining a long-range infrastructure asset management strategy for utilities. Scope of responsibility will include but is not limited to directing and providing leadership to the Water and Liquid Waste Services department managers; long-term utilities planning; asset management planning; program development and implementation, and the administration of effective and sustainable service delivery.

The ideal candidate will have:

- Degree in Civil Engineering or a related field from a recognized post-secondary institution.
- Registered or immediately eligible for registration as a Professional Engineer with Engineers & Geoscientists BC **OR** as an ASCT with the the Applied Science Technologists & Technicians of BC.
- Seven (7) years of recent, progressive experience in a municipal water and/or wastewater environment.
- Seven (7) years of recent applied experience with municipal engineering projects, including the design and construction of municipal works and services.
- Five (5) years of managerial experience including three (3) years of direct supervisory experience.
- Project management experience and/or certification.
- Asset Management and general infrastructure planning experience.

Candidates with an equivalent combination of experience, education and training may also be considered for this role.

This exempt management position offers a current salary range of \$104,400 to \$122,846 commensurate with qualifications and experience, as well as an attractive benefit and vacation package.
