

Civil Engineering Technologist (Inspection and Construction Management)

Calgary, AB

About the Opportunity

We are looking for a highly capable Civil Engineering Technologist (Inspection and Construction Management) to join our Calgary team. This is an opportunity to join our existing team of professionals providing quality services to our clients within Calgary and the surrounding areas. In this role, you will benefit from the support of industry professionals while working on exciting and challenging projects that make a visible difference in many communities.

As a Civil Engineering Technologist, you will be responsible for assisting the team in translating high level conceptual designs from preliminary, through to detailed design. The entire spectrum of work is something that our team members navigate and explore every day. Specifically, you can expect to be involved in:

- Construction inspection and other field services for various civil engineering and land development projects;
- Construction management and coordination with project teams to ensure budget, and timelines parameters;
- Complete project documentation and file information;
- Carrying out design tasks and/or AutoCAD assignments;
- Carrying out construction inspections, survey, and field services;
- Supporting project teams with civil drawings, quantity calculations, project coordination and assisting with design changes during construction;
- Ensuring quality control and verifying accuracy of design;
- Communicating with project leaders;
- Liaising with clients, contractors, and consultants;
- Performing a variety of defined assignments with independent judgment; and
- Advising team on technical challenges and troubleshooting.

About You

Our ideal candidate will be a recent graduate of an accredited Civil Engineering Technology program or equivalent with 1-5 years of relevant experience. Given the variety of project needs and a desire to find the right person to fit within our team, we will consider candidates with a range of experience, education, and background in land development, transportation, and/or municipal infrastructure. In particular, we are looking for the following skills, strengths and interests:

- Proficiency with Microsoft Excel and other MS Office software;
- Experience with GIS;
- Understanding of drawings and drawing review;
- Ability to understand specifications and contract documents;
- Understanding of construction survey;
- Effective communication and writing abilities; and
- Committed to ongoing personal and professional development.

About Us

At Urban Systems, vibrant communities are everything—including our own work community. Since 1975, we have grown to more than 600 people with 15 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients, including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

Urban Systems is an employee-owned inter-disciplinary community consulting firm with deep Canadian roots. We are united in our mission to transform communities everywhere into vibrant places where people want to live today, tomorrow, and forever.

Our Commitment to You

Are you looking for a meaningful challenge and to create impact in your community? Join a tight-knit team of professionals at Urban Systems and be part of our mission to build vibrant communities across Canada. Here's what you can expect as part of our team:

- **Competitive Compensation.** Your skills and contributions are valued. You'll receive competitive compensation, extended health, dental, vision care coverage, and more.
- **Flexible Hours & Work Environment.** You have a life outside of work! We offer flexibility in your work schedule and work environment to help you do your best work and meet your commitments.
- **Paid Time Off.** We understand the importance of taking time off to recharge and spend time with loved ones! Enjoy 3 weeks of paid vacation to start, in addition to statutory days off throughout the year.
- **Saving for the Future.** To help you achieve your long-term financial goals, we offer a Long-Term Matching Program to match your contributions to an RRSP or TFSA.
- **Learn and Grow.** Your professional growth & development is supported here. You are encouraged to take initiative and shape your career through coaching, in-house learning, technical courses, and more.
- **Work with Inter-Disciplinary Teams.** Amazing things happen when you mix creativity, curiosity, teamwork, and a strong desire to collaborate and innovate. You will be part of

diverse, inter-disciplinary teams to deliver important work for our clients and their communities.

- **Beautiful Office.** Do your best work in office spaces designed with your needs in mind. Each of our 15 offices has its own unique personality and design.
- **Create Lasting Community Impact.** 98% of Urban Systems employees believe that the work we do is important. Join a team of like-minded leaders and work together to bring impactful community projects to life.

How to Apply

If this describes your background, skills, and attributes, please visit our website for more information and submit your resume and cover letter. If it doesn't describe you exactly, but you feel you are well suited to this opportunity, we encourage you to apply.

Urban Systems is an equal-opportunity employer. We strive to create an inclusive culture for all employees. Our clients come from all walks of life, and so do you. We believe that diversity and unity among our teams leads to building vibrant communities.

Deadline for applications: **Wednesday, March 1, 2023 at 10:00 am MST.**
