

## **FIELD TECHNOLOGIST**

*Koers & Associates Engineering Ltd.* is looking to add technical depth to our company to support our steady and expanding workload on Vancouver Island. We are currently seeking a *Field Technologist* with a strong background in the inspection of municipal infrastructure. Experience with survey layout would also be considered an asset.

### **THE POSITION**

The successful candidate will generally be responsible for inspection duties as well as construction related field work. Tasks will cover all aspects of the project construction cycle including:

- Construction inspection, including job reports and photo logs
- Progress payment preparation and contract administration assistance
- Contractor and client coordination
- Survey for construction layout and location of installed work (survey equipment will be provided)
- Record drawing preparation

### **THE CANDIDATE**

The candidate will have significant practical and progressive field experience. This position may also be suitable for a candidate looking to work on a part-time or contract basis. Preference will be given to those with the following:

- Registration as an ASCT (an asset, but not required)
- Quantity measurement and contract administration experience
- Topographic survey and construction layout experience with a robotic instrument

### **WHAT WE OFFER**

*Koers & Associates Engineering Ltd.* is a local, well-established, employee-owned civil engineering firm in Parksville BC. For over 35 years, Koers & Associates Ltd. has been providing consulting engineering services on a variety of civil infrastructure projects. Parksville is located 25-30 minutes north of Nanaimo on the east coast of sunny Vancouver Island where residents enjoy a pleasant climate all year round. We have deep ties to the region with a strong presence and loyal clients in the municipal and development community. We can offer you:

- Competitive wages and benefits
- Flexible work schedule
- Support for professional development and growth
- Collaborative and supportive team and work environment
- Consistent workload of local projects requiring limited travel

Please visit our website at [www.koers-eng.com](http://www.koers-eng.com) for further information about our company and the opportunities that we offer.

If you are interested in a chance to work year round in a pleasant environment in the central Vancouver Island area with highly experienced people on exciting and rewarding projects, then please submit your resume and a brief cover note by email to [careers@koers-eng.com](mailto:careers@koers-eng.com), by March 31<sup>st</sup>, 2023.
