

## **Revised Closing Date Engineering Design Technician II #971**

**Closing Date: Open until filled**

At the City of Kamloops, we believe in progressive and barrier-free recruitment for everybody every day. This means employment opportunities for all in a safe, inclusive and diverse workplace. We know our city is stronger when we hire qualified individuals from different backgrounds with diverse experiences, cultures and perspectives.

We are focused on creating the highest levels of service excellence, based on an organization-wide community culture that celebrates our employees who make it all happen. We are known as Canada's Tournament Capital and are famous for our hospitality and community spirit, traits that make us a leader! Recreation, sports, arts and culture, health care, social activities, volunteerism, and affordable housing all meld to form a unique blend of big-city amenities with small-town ambience. This is Kamloops!

*Let's make Kamloops shine! Join our team today.*

## **Position Overview**

The City of Kamloops is looking for a highly skilled Engineering Design Technician II who is proficient in using AutoCAD and Autodesk Civil 3D design software to complete complex municipal design and drafting projects. Your projects will revolve around designs such as roads/sidewalks/multi-use paths/roundabouts, water/sanitation mains and storm drainage featuring green infrastructure. This position provides detailed information on service locations to field crews and the public as well as produces and files record drawings. We are looking for a well-organized, motivated individual who has a high degree of visual and mental concentration.

If you are looking to join a diverse team of driven individuals who take pride and have a vision to make the City a better place, we have a lot to offer. We have modified work schedules, opportunities for learning and advancement, possibility to work extra time, emphasis on your well being and safety, and competitive benefits package.

If you share in our corporate values of resiliency, purpose, trust, inclusivity, health conscious, and cooperation, and are interested in contributing to the development of our community in a meaningful way, then the Engineering Design Technician II position may be the perfect position for you!

The successful candidate must have the following qualifications:

1. Completion of a two-year Computer Aided Design and Drafting program OR a two-year Diploma in Civil Engineering.
2. Minimum three years' previous experience in municipal design using AutoCAD and Autodesk Civil 3D design software (with an emphasis on water, sanitary, drainage and roads).
3. Ability to acquire certification as a Civil Technologist (AScT) or a Civil Technician (CTech) with the Applied Science Technologists and Technicians of British Columbia within 12 months.
4. Valid Class 5 BC Driver's Licence or equivalent.

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check. A comprehensive benefits package is included with this position.

Please note this position is posted along with the Engineering Design Technician I #970. Our preference is to hire an Engineering Design Technician II, however if there are no candidates deemed qualified, we will hire from the Engineering Design Technician I posting which can be found on our website at [Kamloops.ca/careers](http://Kamloops.ca/careers).

This position will remain open until filled.
