

JOB POSTING

Development Engineering Team Lead

Regular Full-time

Engineering, Parks and Environment Department

Competition #23-52

Langley City, a community of approximately 29,000, is positioned in a rapidly growing area strategically located in Metro Vancouver and has a vibrant community spirit and an inspiring vision of being “The Place To Be” now and in the future. Langley City has all the amenities of any urban centre in very close proximity: great shopping, over 346 acres of parkland, world-class educational institutions, and entertainment facilities. Skytrain has been approved to be extended to the City within the very near future.

The City is seeking a full-time Development Engineering Team Lead to join our Engineering Services Division. Reporting to the Manager of Engineering Services, this role is responsible for leading, planning, assigning, reviewing, and participating in the work of one or more technical subordinates engaged in duties related to design reviews for subdivision and development applications, and providing technical advice, assistance, or decisions to assist with the unusual, problematic, and complex files. The successful applicant will ensure compliance with applicable codes, standards, regulations, bylaws, and municipal guidelines at a supervisory level. The Development Engineering Team Lead participates in inter-departmental meetings, assisting with the review of development application engineering requirements and standards; assesses and provides feedback on various programs to streamline the development review process in accordance with City bylaws and policies; identifies offsite engineering servicing requirements; reviews sub-division/rezoning approvals as required; and recommends amendments to regulations and processes to reflect best and current practices. The role also assists in administration of municipal construction contracts and assists in planning of the capital improvement program and development cost charge program for infrastructure additions, improvements and replacement.

RATE OF PAY: Pay Grade 30: \$44.77 to \$47.80 (2021 C.U.P.E. rates)

HOURS OF WORK: 35 hours per week (Monday to Friday)

Our comprehensive benefits package is included.

Completion of a Diploma in Engineering Technology from a recognized institution plus considerable related experience in development engineering, preferably including some supervisory experience; or an equivalent combination of training and experience would be an asset. Registration or eligibility to be registered with the Applied Science Technologists and Technicians Association of BC and a valid Class 5 BC Driver’s License are required. Details of the position and its requirements can be found in the job description at the following link: www.langleycity.ca/cityhall/employment.

If you would like to join an innovative team committed to building a vibrant, healthy, and safe community we invite you to apply. Please email your **cover letter, resume and a current Personal Driving Record** that has been obtained within six months of the closing date. (Please contact ICBC or the driving authority where you reside.)

Submit your application by 4:30pm on Monday, November 13, 2023, to the Langley City Human Resources Division, hr@langleycity.ca, using the following format in the subject line: **LAST NAME First Name #23-52**. Please note the City may begin interviewing ahead of the closing date.

Langley City appreciates the interest of all applicants. Only those under consideration will be contacted.

The City has a Covid 19 vaccination policy that is currently suspended. However, should the policy be reinstated, it will be a requirement for all current and future employees.
