

DISTRICT OF SAANICH
ENGINEERING
WATER RESOURCES

ENGINEERING TECHNICIAN V

Permanent Full Time

The District of Saanich is the largest municipality in beautiful Greater Victoria, blending both the urban and rural environment and home to approximately 124,000 citizens. Employing more than 1,500 members, our greatest asset is a high performing workforce. Recently named one of **BC's Top Employers for 2023**, we provide a collaborative, exciting and progressive work environment that consistently attracts top-quality people, enables them to perform at their best and grow their skills. Our competitive wages, excellent benefits package, generous pension plan, flexible work program supporting an inclusive work environment and progressive initiatives make the District of Saanich a highly desirable place to invest your talent.

The Water Resources division is seeking an experienced civil engineering technologist to join our team. We provide engineering services for the management of Saanich's sanitary sewer, water and storm drainage systems including infrastructure planning and capacity analysis, capital replacement design and construction and operational technical support. The successful candidate will work in the infrastructure design & construction section; a technical team that delivers the Division capital program.

The work of the Engineering Technician V involves performing civil engineering work at a semi-professional level including project scoping, engaging the services of professional engineering consultant through the request for proposal process, managing the design and delivery of engineering projects from the concept phase through to construction completion; responding to public inquiries; providing technical support to internal construction crews; liaising with/making recommendations to the Engineering of Record regarding design changes; mentoring junior staff and participating in intra or inter-departmental initiatives. The successful candidate will possess strong project management skills, is well organized, and has strong communication skills.

Requirements include a two-year diploma in Civil Engineering from a recognized institution; a minimum of 8 years of directly related experience; registered as an AScT with the Applied Science Technologists and Technicians of BC; a valid BC Class 5 Driver's Licence; and a personal vehicle available for use as and when required. Qualified applicants must be conversant with computer based engineering applications including AutoCAD. Training will be provided where AutoCAD skills are required to complete tasks. Candidates with an equivalent combination of education and experience may be considered, such as a university degree in a

relevant field of engineering with a minimum of 6 years of directly related work experience.

This is a C.U.P.E. Local 2011 position with a wage of \$50.49 per hour and an excellent benefits package. Job description and competition information can be found at www.saanich.ca. **Please apply by Thursday, December 7, 2023 quoting competition 23354 to: Human Resources, District of Saanich, 770 Vernon Avenue, Victoria, BC, V8X 2W7.** As a component of the selection process, testing will be conducted. *Applications must include a cover letter and resume.* We thank all applicants for applying. Only those under consideration will be contacted.

The District of Saanich is recognized as one of BC's Top Employers for 2023. As an equitable and inclusive employer, we value diversity of people to best represent the community we serve and provide excellent services to our citizens. We strive to attract and retain passionate and talented individuals of all backgrounds, demographics, and life experiences. If you require any adjustments to enable participation at any stage of the recruitment process, please contact in confidence accessibilityHR@saanich.ca.
