

PROFESSIONAL PRACTICE BULLETIN

TOPIC:	24-Hour Fire Watch Cancellation Stickers by VFRS
PRACTICE AREA:	Fire Protection
DISCIPLINE:	All RFPT Endorsements
DOCUMENT #:	PPB-2024-FP-03
REVISION #:	1.0
DATE:	June 13, 2024

Practice Requirements:

This practice bulletin is being issued to registrants of the Applied Science Technologists and Technicians of BC to provide information about the updated 24-hour Fire Watch Order Cancellation procedure by Vancouver Fire Rescue Services (VFRS).

VFRS has introduced a Fire Watch Cancellation Sticker, which can be found inside the fire alarm panel. This sticker allows the Registered Fire Protection Technicians (RFPTs) to scan the QR code and fill out the fire watch cancellation form after verifying the fire alarm systems are fully operational following necessary repairs or maintenance which initially required a fire watch.

ASTTBC registrants must familiarize themselves with the QR code stickers and comply with the detailed procedures. In case of ambiguities or questions, registrants may contact Vancouver Fire Rescue Services for further clarification.

Registrants must adhere to the Authority Having Jurisdiction (AHJ) requirements in addition to the *Professional Governance Act*, ASTTBC Bylaws, RFPT Standard of Practice, and ASTTBC practice guidance documents when carrying out work and professional services.
